

Q33. FAQs concerning Border Measures and Quarantine Requirements

Updated: February 24, 2023

Q1. What are the entry procedures and quarantine requirements for travelers coming to Taiwan?

A1.

1. Please refer to the "Instructions for passengers before arriving in Taiwan and clearance at the airport" (<https://gov.tw/VP2>).
2. With the steady return to regular management of the border quarantine, inbound travelers should practice seven-day self-initiated prevention. Travelers who have experienced any suspected COVID-19 symptoms in the 14 days before arrival should truthfully notify Taiwan CDC quarantine personnel of discomfort or symptoms and cooperate to do a health assessment. Travelers need to do a rapid test if they have any symptoms during their stay in Taiwan.

Q1-1. What requirements must confirmed cases or previously infected individuals meet before taking a flight to Taiwan?

A1-1.

Travelers who test positive abroad are required to wait over five days from their specimen collection date before taking a flight to Taiwan in order to prevent cross-border transmission of the disease.

Q2. For what purposes may non-R.O.C. nationals apply to enter Taiwan?

A2.

Please refer to the "Restrictions on Entering Taiwan" on the website of the National Immigration Agency of the Ministry of the Interior (<https://gov.tw/esE>) for a list of persons allowed entry into Taiwan.
